# Commercial Online Banking

Park NATIONAL BANK

## How to Log in to the Commercial Online Banking Secure Browser

1. Launch the **secure browser** application from your desktop.

2. Enter the **PIN** you created upon set-up and click **Login**.

   Note: If there are multiple users, they will display in a dropdown menu shown in the second screen.

   Result: The tiles that display are the cash management services you have access to through the secure browser.

3. Click the **Park National Bank Commercial Online Banking** tile.

   Note: The tiles are all single sign on. This means that once logged in through the Secure Browser, there is no need to sign in again to access other cash management services.

   Congratulations and welcome to Park National Bank commercial online banking!
